FRANCE'S REAL STRENGTH.

ISOLATED POLICY USELESS.

LORD CURZON'S WARNING.

LONDON, November 24.

Speaking at a luncheon in the City, Lord Curzon declared that if France pursued her own isolated individual policy she would not injure Germany in the long run and would fail to protect herself.

Speaking at a luncheon in the City, Lord Curzon made reference to the Washington Conference. He uttered a word of caution that there was no use in reducing sea armaments if it was still contemplated to pile up vast land armaments. All the nations must act proportionately to their position and ability. Britain could not accept or submit to sacrifices while others took no notice of them. If Britain, whose naval responsibilities were the greatest in the world, was willing to reduce her naval strength the other powers should not be allowed to build up other instruments of attack either in the air or on the sea which would render her sacrifices nugatory and expose her to undue risk.

Proceeding to enlarge on the necessity for international co-operation, Lord Curzon said that if France attempted to adopt her own isolated individual policy she would not injure Germany in the long run and would fail to protect herself. France's real strength lay in the fact that the conscience and combined forces of the world would not tolerate the reappearance in the heart of Europe of a great and dangerous power always rattling the sword scabbard and perpetually menacing the people of Europe.

EMPIRE POLICY.

Lord Curzon emphasised the necessity of showing Germany that the treaty must be enforced but no policy of retaliation or revenge would be tolerated. He pointed out examples of successful co-operation of the powers in the settlement of the Silesian, Adriatic, Russo-Polish question, the deposition of Karl, the prohibition of the return of the former Kaiser to Germany.

Coming to the Franco-Kemalist agreement, he said that terms of peace between the Greeks and Turks would never be reached if individual powers tried to steal a march on others and concluded that independent arrangements for such plans would lead to a *cul de sac* from which we would never emerge. There would be a better chance of securing peace if the great powers acted unitedly. He concluded with reference to the fact that since the imperial conference our foreign affairs policy had become Empire policy (Cheers). That was a great source of encouragement and strength.

GANDH'S PENANCE.

BOMBAY, November 25.

After a mournful meeting of representatives of different communities at Mr. Gandhi's house discussing the events of the week-end, Mr. Gandhi declared that he was breaking his fast now that the trouble was over, but if the disturbances restarted he would do a strong penance and would not be afraid even if he died as a consequence.

CHINA'S TARIFF RIGHTS.

FULL AUTONOMY SOUGHT.

WASHINGTON COMMITTEE APPOINTED.

WASHINGTON, Nov. 24.

A communiqué states that Mr. Wellington Koo proposed to restore to China the right to fix and differentiate in her import tariff rates but said that as it appeared hardly possible to establish a new regime immediately, full autonomy should be restored to China after a certain agreed period. Meanwhile China would impose a maximum rate and would like to enjoy fuller freedom within that maximum, such as the right of differentiation among the different classes of commodities, but as the financial condition of the Chinese Government required some immediate relief it was proposed that from January 1 of 1922 the import tariff should be raised to 12½ per cent. as stipulated in the treaty with the United States, Britain and Japan. Mr. Wellington Koo advanced a number of reasons in support of the proposals and a general discussion followed, after which the subject was referred to the sub-committee agreed to on November 22.

The members of the committee were announced as follows:—Chairman, Mr. Underwood (United States); Baron Decauvillier or alternately M. Cattier (Belgium); Sir Robert Borden or alternately Lampson (the British Empire); Mr. Wellington Koo (China); M. Sarrat (France); Signor Albertini or alternately Signor Vincenzo Filati (Italy); Mr. Hanabara (Japan) Myr. Beelaerts van Blokland (Holland); and Captain Ernesto Vasconcellos (Portugal).

The committee adjourned until November 25.

WASHINGTON CONFERENCE.

CHELSEA BARRACKS ARRESTS.

LONDON, November 24.

There was a sequel to the daring removal of munitions from Chelsea Barracks when Sergeant Roach of the Irish Guards, holder of the Distinguished Conduct Medal, and four civilians bearing Irish names were brought up at Westminster police court on a charge of stealing two machine guns and two rifles. The chief inspector gave evidence of arrest and the accused were remanded.

A programme of entertainment has been arranged for the Japanese training squadron arriving at London on November 29. Middies, officers, and men will be brought to London for sight-seeing. A reception will be given at the Embassy. The fleet leaves on December 9.

SHIPPING CONFERENCE.

IMPORTANT QUESTIONS.

LONDON, November 24.

The International Shipping Conference passed a resolution recommending voluntary international application of the Hague rules, Italy and Japan reserving the right to raise the question of prohibiting a shipowner from fixing the limit of liability below £100 per package. Committees were appointed to investigate (1) the question of deck cargoes of wood, (2) international loadline regulations and (3) necessary modifications of the 1914 convention.

GRIM STORIES FROM
WEST AFRICA.

Mr. Alan Lethbridge, in his book
"West Africa the Elusive" (published
Bale and Danielsson, 18s. net), gives a
clear and interesting account of our
West Coast Colonies as they are to-
day, of their "heat and horror," of
their immense wealth, and of their
strange medical problems. Wounds in
the white man will not heal there and
no white child may be born. Nor has
the secret of tropical fever yet been
mastered, though Sierra Leone is no
longer "the white man's grave."

He has some grim stories to tell—
one, which is new, of the haunted
castle at Elmina, where no one sleeps
without a qualm. It appears that a
party of three men and one woman
were playing bridge very keenly in the
tropical night: "Of a sudden the
lady put her hand to her eyes as
though dazzled. Asked if anything
were the matter she denied anything
wrong and continued playing. Then
again she clapped her hands to her
eyes, gave an exclamation, and faint-
ed dead away." What she had seen
she could not or would not say, but
the tradition is that a headless woman
walks the castle.

Nor does Mr. Lethbridge reject the
power of native magic. He vouches
for one strange story: that at a point
in the Niger delta in a hut near a
store were a number of native work-
ers, under medical supervision. Their
headman said it was "no good place."
One morning, a Kroo boy was re-
ported dead; a post-mortem revealed
no apparent cause of death. Next
morning two men had departed this
life and again post-mortems revealed
nothing. One the third morning four
men were dead and there was something
like a panic."

All the men were at once removed
and a fresh batch brought up to be
placed in "the same sinister house."
They too died in the same mysterious
way, and it was decided to burn
down the hut. "Then something fell
to the ground and was seized by the
headman, who rushed up to the doctor
shouting, "Here be plenty bad thing,
and fit to kill all men, sah!" He
held at arm's length two human finger
bones which had been tied together
with a bit of native twine in the shape
of a rough cross."

When this ju-ju was disposed of
the deaths ceased. The Niger delta
is not a place for lonely white men to
take walks in the gloaming; an instance
is mentioned of one "youngster"
who did so and two days later his
mutilated corpse was found
swamp. Nor is it a place to be
buried in; we are told that in digging
grave the water is reached, and the
inundation have to stand upon the
collar to hold it down.

EARLIER TELEGRAMS.

Reuter's Service to the China Mail.)

WASHINGTON CONFERENCE.

WASHINGTON. November 24th.

It is learned that, speaking at yesterday's discussion on land disengagement, Mr. Briand opposed detailed discussion because France was faced with indisputable dangers and could not reduce her army unless other Powers supported her. He added that without such guarantees limitation of land armaments was impossible.

It is understood that the Far Eastern Committee decided that China must be abolished and a new arrangement made under the Root resolution. This implies acceptance of the financial consortium by China, also the pooling of the existing railway concessions, as far as their operations are concerned, in order to prevent discrimination between trades of different nationalities.

Mr. Wellington Koo presented a plan for the restoration of Chinese tariff autonomy in three stages. A special sub-Committee is considering a plan, which Mr. Sze explained, was a twelve and a half per cent. duty from January next, followed by a period during which China would be permitted to fix her own rates, finally achieving complete autonomy.

WASHNGTON. November 24th.

A communiqué states:—The Far Eastern Committee, at which Mr. Briand was present for the first time, discussed the Chinese Customs. Mr. Wellington Koo made a statement emphasising that China did not desire to interfere with the present administration of maritime customs or with the devolution of the proceeds in liquidation of foreign loans on which they were secured. He proceeded to give a brief account of the origin of Chinese Treaty tariffs. In concluding he declared that as prices mounted the Treaty Powers had not requested a revision of tariffs and China had not asked for a revision as the revenue collected from other sources was inadequate to meet its requirements.

LATER.

Italy's desire to participate in the Chinese consortium was revealed in an interview with Signor Albertini, one of the Italian delegates to the Conference, and Signor Ricci, the Italian Ambassador. Signor Albertini argued that Italian participation might remove some of China's objections to the plan as a whole. He added that the subject had not yet been considered in any formal way by the Conference.

"TRUTH, JUNIOR PUBLIC SERVICE"

HONGKONG, FRIDAY, NOV. 25, 1921.

THE CANTON GOVERNMENT

As we expected would happen, the Canton Information Bureau intervened in our controversy with the *Daily Press*, and corrected our contemporary in a misstatement of fact so patent that we regarded it as a mere slip of the pen, and took no advantage of it. Indeed, our recollection was, and is, that we have not troubled to search the files, that the *Daily Press* itself published a news item to the effect that the Peking Government had been approached to ratify the Casel Concession, and that it had refused. The point is no longer material; that controversy appears to be closed. Our contemporary accepts the assurance of the Canton Information Bureau that it was wrong on that point, and offers the somewhat surprising excuse that "all the information it had on the subject was derived from newspaper reports." It even mentions that it had previously made this confession, and we are sorry that we overlooked it, for we should (had we noted it then) have suggested to our contemporaries that such forcible and dogmatic assertions were too slenderly based if based upon nothing more than newspaper reports, which are nowadays as all must have discovered by now, so often merely rumours and guesses, and camouflaged perhaps and "in intelligent anticipation." At the same time, we think the *Daily Press* is probably being misled as to the sources, nature, and extent of its own information by reason of a multiplicity of editorial writers, and insufficient co-ordination. It is possible that into the ranks of those able men the editor may have overlooked the

Press, and I want to tell you that in one matter the *Press* is right and you are wrong—these people at Canton do not respect contracts or keep their word. You appear to be committed to them and . . .

China Mail: Stop! What do you mean by "committed" to them? Do you suggest, or has some one dared to suggest to you, that the *China Mail* is not absolutely independent, free from any entanglement of any kind?

Visitor: No. I merely judged by your articles that perhaps you had a subsidy from the Cantonese, or were otherwise prejudiced in their favour.

China Mail: This is very trying. Please understand very clearly that these articles were written because we believed the Canton government unjustly attacked. So far from being committed to Canton in any way, if we are ever shown that it is doing wrong, we will denounce it. That it may be wrong to day or to-morrow in no way damages our argument that it was right yesterday. What are the particulars of your allegations?

It was then that the plan outlined above was arranged. We were awaiting the promised documentary evidence, when the *Daily Press* yesterday morning sprung that innuendo. It is a pity, because it is rather like giving the Canton Government timely warning, if they have anything to conceal; and we cannot ask them plain questions until we have plain charges. At present all we have is a verbal allegation that "taking advantage of the British rule that requires Anglo-Chinese corporations to have a certain proportion of British subjects as directors [or is it shareholders?] without which proportion the British consul will not intervene in case of dispute, they, the Canton government, are threatening to commit breach of agreement under this contract, under which so much valuable work has been already done." We should not have published this merely verbal accusation until we had seen some evidence, and our intention was to bear both sides before publishing anything, but it will be recognised by all who are aware of the scandalous misrepresentations by which the *China Mail* suffers, that our hands have been forced by this *Daily Press* innuendo. It is not quite fair to the Cantonese authorities to invite them to answer unfounded charges; but as by this time they should be satisfied of the *China Mail*'s good faith (and absolute disinterestedness in anything save right and wrong) we advise them to do their best to furnish the "precise information" which our contemporary seems to want. If they do this, we will stand by and see fairly.

GRASS FIRE.

CIGARETTE END CAUSES STUBBORN BLAZE.

About 5.58 p.m. yesterday a fire broke out among five stacks of dried grass at Chiuhsiuimatau, Shaukiwan, the property of slipway owners of Shaukiwan west. The district police and firemen from the central station were early on the scene and after a short, stiff fight managed to extinguish the flames, though not before a considerable quantity of grass had been destroyed. The outbreak is supposed to have originated from a lighted cigarette stump. The extent of the damage done has not yet been ascertained. No insurance had been effected.

STINTING EDUCATION.

Speaking at Shiple, Mr. Arthur Henderson, M.P., spoke words that could easily be adapted for local application. He said the teaching profession was the key profession of a democratic country. Money spent on the training of teachers gave a good return to the community. The fever of economy had, however, entered the bones of the Government and had spread to the local authorities. There could be no defence for waste, but there could be no true economy in stinting education. Educational economy was a form of national suicide. His firm conviction was that there was no sense of proportion in our national Budget. A nation that could spend so much on armaments could easily spend more than was proposed on education.

STEAMED STEAMER.

NEW YORK MARU'S CREW RESCUED.

News has reached Messrs Suzuki and Coy, to the effect that the crew of the cargo steamer "New York Maru" which went ashore on the Bombay Reef have been rescued by the s.s. "Gozan Maru," another steamer of the same line, which went out to the Paracels from Saigon and, taking advantage of a lull in the weather, managed to get alongside the reef. The hull of the "New York Maru" was seen to be badly damaged.

LOCAL AND GENERAL.

A clean bill of health was returned for the Colony yesterday.

Messrs. J. H. Smith and F. N. Stokes have qualified as masters (s.s.)

Messrs. Lamont Bros. will sell 410 bags of Java white sugar (all more or less damaged by sea water) to-morrow morning.

Commanders announce that Capt. F. L. Brown, O.B.E., R.E., has been appointed Field Officer for the week commencing Monday next.

An organ recital is advertised for St. Peter's Church (West Point) on Sunday, November 27 at 6 p.m. Well-known local vocalists will submit a programme. The collection will be devoted to the organ fund.

The new telephone fog signal apparatus which is to be installed at Waglan Lighthouse should be ready to screen out its warning by the time the foggy season begins to make things unpleasant for mariners next Spring. A special brick building is being erected by the P.W.D. at Waglan and the mechanism is due to arrive here by the end of the year.

A coolie employed by Sang Lee contractor was yesterday afternoon removed the Kwong Wah Hospital from the Kowloon Docks suffering from severe injuries to his head from falling into a well near the pumping house at No. 2 dock. His condition is considered very serious and little hope is entertained for his recovery.

THE KWANGTUNG TRAMWAYS.

SERIOUS MOVE BY CANTON GOVERNMENT.

In 1920 the Kwangtung Tramway Company was incorporated under the Laws of Hongkong for the purpose of running a Transport Service in the City of Canton, Concession for which had been granted by the Government then in power.

The Company paid twenty years Licence Fees, amounting to one million dollars, in advance, and later advanced by the Government a further half million dollars on Loan. This money was spent on the demolition of the old City Walls and the building of wide streets. When some of the streets were ready for traffic, the Company put on a fleet of Motor Trucks and Trailers with Bus Bodies, sinking further considerable amount of capital in this direction.

When the new Governing Party came in, it recognised the Concession and proclaimed its recognition by public proclamation. It also received further loans from the Company.

The members of the Provincial Assembly however, have been and are still putting various obstacles in the way of the Company, and just recently, they passed a resolution demanding that the Company be registered under the "Laws of Canton" or the Concession will be cancelled, and served notice on the Company to that effect.

The Company replied signifying their willingness to withdraw if the Government would refund the Licence Fees, repay the Loans with interest and indemnify the Company for the amount of money expended. It will be interesting to watch how the Canton Party with its talk of fair play and honesty will act in this matter.

CORRESPONDENCE.

FOOTBALL MATTERS.

[To the Editor of the "China Mail."]

Sir.—May I ask the use of your columns to refute some of the statements made by "Offside" with regard to the football team of the United Athletic Club.

On Friday last "Offside" wrote as follows: "R.G.A. Reserves should have no difficulty in disposing of the United, the latter team's method of playing leaves a lot to be desired. The majority of them seem to very soon lose their tempers."

With the first part there is no quarrel. "Offside" is entitled to his opinion as to what is going to happen. We are content with the fact that the United were not disposed of at all, the match in question ending in a draw. The sweeping statement, however, that the majority of us seem to lose our tempers cannot go unchallenged. It is admitted that during the match with South China "A" one of the United players was ordered off the field. Offside cannot argue from this that the "majority" seem to lose their tempers. In this match there was certainly bad feeling, caused chiefly by the spectators. The United player was not ordered off because of rough or dirty play, but for charging the Goal-keeper. This was a mistake by the Referee, and was afterwards admitted. On no other occasion have any of our players been cautioned. That in itself is sufficient to show the injustice of "Offside's" sweeping assertion.

Again in commenting on a match played at Sookumpoo "Offside" remarks on the bad feeling shown. This is also strongly denied. The game was cleanly played throughout. We would like to know if "Offside" really saw this match. If not surely he should be very certain of his information before sending it to print. We have no objection to "Offside" holding any opinion he cares to have regarding us, just so long as keeps it to himself, and confines his report to actual facts instead of setting up as a piper and disseminating views which to say the least are very much open to question.

Yours etc.,

HON. SECRETARY,
Hongkong, November 24, 1921.

Another new vessel to negotiate the rapids of the Yantze Gorges, and rated as "second to none" gracefully glided from her stocks into the Whangpoo at the New Engineering and Shipbuilding Works Dock on Monday. The owners of this new vessel, the s.s. "Mei Kai," are the American West China Navigation Company and the ship is intended to operate between Ichang and Chungking. Many guests attended at the launching ceremony which was performed by Mrs. Hale, wife of Mr. B. C. Hale, representing the owners. Afterwards a reception was held in the offices of the Engineering Company.

HOCKEY.

HONGKONG v. PUNJABIS.

The Hongkong Hockey Club and a team from the 22nd Punjab Regiment played an interesting match on the United Services ground yesterday evening. The game was strenuously contested and the exchanges were even with both ends of the field visited in quick succession. The defence on both sides, however, was sound, and succeeded in keeping the ball out so that the game ended in a goalless draw. The Club had the best of the exchanges towards the close of the game but try as they would they could not get through the Indians' defence.

The Chief Justice gave judgment in favour of the plaintiff, awarding \$50 damages for trespass, and granting the plaintiff's request for an injunction restraining the defendant from continuing to obstruct his access to the property.

For the plaintiff, Mr. Eldon Potter appeared with Mr. F. C. Jenkins (instructed by Messrs. Deacon, Looker, Deacon and Harston). Mr. C. G. Alabaster (instructed by Messrs. G. K. Hall Burton and Co.) represented the defendant.

ABRIDGED PROSPECTUS.

Object.—This Company has been formed to purchase as a going concern the business known as the Humphreys Hide and Leather Works carried on by the firm of W. G. Humphreys and Company of No. 5, Duddell Street, Hongkong.

Business.—The business comprises the manufacture of all kinds of Leather and the dealing in of hides and skins, and of all descriptions of goods and merchandise incidental to the business of such nature, and is carried on upon extensive, well-built, commodious, and modern premises situated at Ma Tan Kok, Kowloon, on Kowloon on Inland Lots Nos. 1267 and 640, which contain an area of 110,942 square feet, held under lease for 75 years from the 18th day of December, 1911, subject to a Crown rent of \$506.00 per annum. These premises are within the Offensive Trade Area as defined by the Sanitary Authority and a licence has been granted by the Government to carry on the business of a Tannery in all respects theron.

Site.—The Site is ideal for the purposes of the business, its area is ample for any future extensions that may be necessary, it is situated on the main road between Hok Un and Kowloon City, and is in close proximity to the sea front.

Buildings.—The extensive buildings erected on the Property are constructed of the best solid brick and concrete with tiled roofs, and concrete pits, and floor, this type of construction ensures a low rate of Insurance against Fire.

Machinery and motive power.—The Tannery is equipped with the most up-to-date Hide and Leather working machinery. The motive power is supplied by a 100 B. H. P. Crude Oil Boiler Engine with Generator direct connected, the various processes in the Tannery being operated by separate Electric drives from individual Motors.

Water supply.—There is an independent supply of water from a specially constructed Well on the premises which is ample and suitable for the business.

Labour.—A plentiful and healthy supply of cheap country labour both male and female is always obtainable. The expansion of the business will therefore provide employment to a large number of Chinese labourers whose increased efficiency and development is in itself sufficient to commend this undertaking to all those who have the interests of Chinese and British trade at heart. From the foregoing facts it is asserted that from its equipment and position the Tannery has few equals.

Purposes of Formation.—The Reasons of the Vendors in turning the business into a limited liability Company, are:—(a) To procure the necessary additional Capital required, in order to meet the increasing demand for their Leather. (b) To further develop the business along sound progressive lines.

TERMS OF PURCHASE.

The premises are sold to the Company subject to a charge to the Mortgagors to secure \$300,000 at an interest of 5% per cent per annum. The Mortgagors stipulate that \$160,000 shall be repaid by the Company at an early date and consent to the balance remaining on loan. If as is anticipated the shares now offered to the public are fully subscribed it is proposed to pay off the whole debt forthwith.

Valuation of Property.—Hereunder are set forth at conservative figures the value of the property purchased by the Company and upon which the Vendors have based the purchase price.

| | |
|---|--------------|
| Land (K. I. L. 1267 and 640 = 110,942 Sq. feet) and Buildings thereon as valued by J. Caer Clark, Architect and Surveyor, | 8,300,505.00 |
| Machinery and Plant as valued by Robt. Hunter, of Macdonald & Co., Engineers | 120,779.11 |
| Stock of Hides, Leather, Chemicals and Materials etc., as per valuation by S. Humphreys and certified by Edmund McGrath, Tanner, less amounts due as shown by the books | 65,821.05 |
| | 8,487,105.16 |

No charge for Goodwill, etc.—In as much as the undertaking is a comparatively new one, the Vendors present to the Company the goodwill of the business and the trade marks and chops relating to their goods which are already well known and growing in popularity rapidly.

The Vendors also claim no recompense for approximately 2 years of careful experimental work as a result of which, climatic and other difficulties have been overcome, the types of Leather most suited to the Chinese market gauged, and exact manufacturing cost ascertained.

APPROPRIATION OF CAPITAL.

The capital of \$562,900 to be provided by the present issue of 56,290 shares now offered for public subscription, is intended as regards \$262,900:

(a) To provide for the extension of the drying accommodation of Tannery.

(b) For the purpose of providing further working capital in order to finance the rapidly increasing business.

The balance will be devoted to paying off the existing loan of \$300,000 upon the security of the Property.

Dividends.—It is provided by the Articles of Association that a preferential dividend of 10% per annum be paid to shareholders before any appropriation of profits is made by the Directors to the Reserve Fund.

Contract.—The following contract has been entered into:—

Contract dated the 10th day of November 1921 between W. G. Humphreys & Co., of 5, Duddell Street, Hongkong, Merchants, the owners of the properties of the one part and Charles David Wilkinson on behalf of the Company of the other part for the sale of the business and the leasehold property registered in the Land Office as Inland Lots 640 and 1267 together with all messuages, tenements, fixtures, erections and buildings erected thereon.

The purchase price for the sale of the properties has been fixed by the vendors who are the promoters of the Company at \$487,100, nothing being charged for the goodwill. Of this sum \$300,000 will be payable to the Mortgagors for the purpose of paying off a loan of that amount advanced to the Vendors on the security of the properties, and the balance of \$187,100 will be paid and satisfied by the allotment of 18,710 ordinary shares credited as fully paid up.

Confidence of the Vendors.—That the Vendors themselves have every confidence in the undertaking is shown by the fact that they are receiving no cash consideration for the sale of the Tannery, but are accepting shares in the new Company.

Applications will be received by:—Hongkong & Shanghai Banking Corporation, Chartered Bank of

India, Australia and China and Bank of China.

And Prospectus and forms of application can be obtained at the above Banks,

or from:—Members of the Hongkong Stock Exchange, Members of the Hongkong Share Brokers' Association, The Registered Office of the Company, or at the offices of the Company's Solicitors, Messrs.

Wilkinson & Grist, 8, Queen's Road Central, Victoria, Hongkong.

MISSING CHIEF OFFICER.

During the last voyage from Kowloon to Hongkong of the river steamer "Sunning" her Chief Officer, an elderly man named William Chapman, disappeared overboard. The ship was stopped and a search made but no trace of him could be discovered. It is hoped that news of the missing man may be brought by some of the West river steamers; if not, an inquiry into the matter will probably be held.

FOOTBALL LEAGUE.

COMMITTEE MEETING
YESTERDAY.

The management of the Hongkong Football League held a meeting at the Victoria Barracks last evening when a number of various subjects were brought up for decision.

Mr. R. J. Wilton presided, and the meeting was attended by Master Gunnar May, and Messrs. Williams, Hollands, Masters, J. Rodger, James, Robertson, Ip Kau and N. L. Ralton (Hon. Sec.)

Lengthy correspondence was read in connection with the postponement of fixtures and Clubs turning out late for matches.

The Club protested against Kowloon in the league match played on October 29, in which Kowloon won by one goal to nil, on the ground that they had played an unqualified man, Eve of the "Cairo" in this match. The Club claimed the points for this game.

The Secretary read a letter from Kowloon asking for permission to play all men not playing for any other team in the Navy, Army and Police. As this appeared too general, he said, no notice was taken of the application. Later Kowloon requested permission to play Eve and Sparry, Adams Townsend, Coupland and Donovan. Permission was granted in the case of Sparry, Townsend and Coupland, but the question relative to Eve, Adams and Donovan was referred back as these men belonged to the Navy.

In defiance of the ruling of the League, Kowloon played Eve and Adams.

The meeting decided to report the offending club to the Football Association and directed that they forfeit the points gained in the match played against Hongkong on October 29.

The Secretary said that the "Titania" had written in on November 12 asking for permission to postpone their match with the R.G.A. on that date and were told that it was too late then to alter the arrangements.

already made. However, the match was not played.

As the R.G.A. had not sent in a claim for the points, the meeting decided that the match should be played off at a later date.

The question of the "Carlisle" delaying the progress of the second division of the League was then brought up. It was reported that they had not yet played off one of their fixtures.

It was decided that in the event of their failing to field a team to-morrow they should be struck out of the League.

A letter was read from the "Titania" proposing to postpone their fixture with the "Cawle" for the mid-week to allow the "Titania" to play a Civilian team or the Police on Saturday.

This was approved.

For late arrival on October 29,

the "Curlew" and Kowloon were censured and informed that a repetition would end in a fine.

The match Club v. "Cairo" played at Sookumpon on November 5, was declared to be a league one. Mr. W. Hyder of the United A. C. was suspended from league football for four weeks for rough play against the South China "A" on November 12, when the referee had to order him off the field. It was also decided that he should not be allowed to take part in any more games against the Chinese.

Kowloon's application to transfer Pasco and Mason from the first division to the second was referred back to the Club for further information.

Messrs. Morris (Navy), and James (Police) were elected to the Management Committee vice Messrs. Masters and Swan. Mr. Jones (Navy) was appointed to the Referees' Board vice Mr. Masters.

IT may be impossible to prevent an accident, but it is not impossible to be prepared for it. Chamberlain's Pain-Relief is beyond anyone's purse, and with a bottle of this liniment you are prepared for most anything. For sale by all Chemists and storekeepers.

OPIUM SEIZURES.

Revenue Officers searched the s.s. "Soochow" prior to her sailing about noon yesterday and seized 3,000 taels of raw non-Government opium worth \$7,200 which was contained in five bags concealed in the ventilator in the forepeak. No arrest was made, and the drug was brought ashore and removed to the Import and Export Office.

Another 300 taels of raw opium was seized by the revenue officers on board the s.s. "Hozui Maru" lying at anchor in West Point. This time the drug which was worth \$900 was concealed in the propeller shaft. In this case also, no arrest was made.

CANTON NEWS NOTES

THE RELIEF WORK AT YINGTAK.

CANTON, Nov. 24. The response for the relief of Ying-tak destroyed by fire has been most generous and ample for the present. As soon as the flames died away we surveyed the situation with the officials and local gentry. We found that the men who so gloried in it were the merchants, classes, and their employees. The coolie and poor classes suffered, but temporarily these will have plenty of work to do in rebuilding the city. The smaller merchants who lost most if not all they had will suffer in the future for more than the present. They were able to save something, but this will be gone before business can be started and much suffering will follow in a few months. The present relief is quite sufficient if properly distributed.

A COMMITTEE TO HANDLE THE RELIEF.

We called the gentry and influential men of the city together and organized a committee of the gentry and local officials to examine into each case asking for help or seeming to need help. We organized another committee to handle the food stuffs. This committee is to give relief to those only who have suffered greatly by the fire and whose cases have been passed on by the examining committee. All supplies of relief are to be kept securely under lock and given out only in case of real need. By safeguarding the gifts of relief the supplies will extend into the future when the greatest suffering will come.

The best way to help is to send raw materials of food stuff or money by which this can be bought. Cheap rice can be had from the interior, yet supplies that can be used by the Chinese in making such food as they commonly use will be appreciated and can be used to meet the needs.

I have found that the leading Chinese citizens do not wish any more aid than is actually needed. They have no desire to accept charity in any case they can care for themselves. They do greatly appreciate the spirit of sympathy and kindness shown by their friends in Hongkong. The merchants in Hongkong were the first to get aid to the city. This will ever be remembered by the Chinese showing the willingness of their English friends to help them in a time of need. Such acts as these will do much to remove the prejudice and misunderstandings that arise between the Occident and the Orient.

THE AMERICAN ASSOCIATION OBSERVING THANKSGIVING.

Thanksgiving this year is of unusual importance. This is shown by the splendid programme.

We are most grateful for the world Disarmament Conference now in session in Washington City, U.S.A. where the nations of the earth are seeking to understand the world's problems of peace and good-will. This means much for the Far East we hope as well as the other parts of the world, and for this we give thanks in hope of a better day.

The programme was as follows:

ELEPHANTS AT THEATRE ROYAL.

NAVAL BENEFIT CONCERT.

Because it was in aid of a good cause, to help the widow and family of a dead shipmate, and also because it was on the whole a capital entertainment the concert given in the Theatre Royal last night by a party from H.M.S. "Colombo," should have had much more generous patronage than it actually got. The audience was certainly not a large one, but, to judge from the enthusiastic applause handed out, the trumplings of "The Elephants," as the artists styled themselves were hugely enjoyed.

Through the indisposition of one or two of the performers it was found necessary to modify the programme slightly but, that apart, the show went through with a properly nautical swing. The humorous element predominated but there were some serious contributions which achieved marked success. Notable efforts in this direction were those of Messrs. A. P. Glanville and Collier, the latter offering two favourite naval ballads "Roll On Thou Dark Blue Sea" and "Ben the Bosun." There was also a strong and quite well balanced glee party who proved one of the most successful features of the show. Under the baton of Virtuelling C.P.O. J.A.W. Dougall, they won special commendation for their spirited rendering of "Comrades in Arms" and "Riding the Waves."

Kay, who made an attractive Soubrette, was supported by the glee party as a "beauty" chorus in a clever turn and Carroll and Brewer associated in a song and patter offering, made a distinct hit. Hunting, Lee and Wilsher also did a useful bit towards putting the audience into the very happy state of mind it was in when it rose to sing "God Save the King."

The efficient work of a capable orchestra helped very much to make the entertainment a success. It was and others who must have put in a deal of hard work were the general manager, Mr. A. E. Burns R.N. and the stage manager, Petty Officer G. W. Moppett. The accompanists Miss N. Williams, Q.M.S.A. Goddard and Ord Seaman J. Thompson did good work unobtrusively.

The concert is to be repeated tonight and it is up to Hongkong to give "The Elephants" a crowded theatre.

KINEMA NOTES.

THE WORLD THEATRE.

A romantic comedy-drama, featuring Elsie Ferguson, one of the most beautiful and talented actresses in the world, is to appear at the World Theatre this evening.

The array of names connected with the Artcraft picture, "Under the Greenwood Tree," is an imposing one. Taken from H. V. Esmond's stage play, scenario by Adrian Gil-Spear, directed by Emile Chautaud and the leading character acted by Elsie Ferguson, this five-part romantic comedy promises excellent entertainment. Many of its scenes and situations fulfil that promise.

A cultivated young woman who is overburdened with wealth and overburdened with suitors may be excused for wanting to get away from it all and become "loose and free," as the old duxbury called it. But when she makes up her mind to buy a caravan and turn gypsy, there is no reason for not having her actions plausible or else giving them the airy treatment that the most irresponsible romance will allow.

A FAVOURITE RUB DOWN.

The Officers and men of the U.S. Destroyer "Long" and gunboat "Pampanga" were invited as guests of the Association. They participated in the baseball game, between the "Sea Force," and the "Land Force."

A Basket Picnic was held from 1.30 to 3 p.m. and sports.

FOOTBALL.

NOTES AND COMMENTS.

TO-MORROW'S LEAGUE GAMES.

The League games down to be played to-morrow are as follows:

FIRST DIVISION.

Kowloon v. S. C. A. Kowloon ground.

Wilts v. "Cairo" Soo Kuan Poo ground.

"Ambrose" v. Police, South China ground.

"Tamar" v. "Titania" Navy "A" ground.

"Curlew" v. Club, Navy "B" ground.

Kick off at 4.15 p.m. sharp.

SECOND DIVISION.

South China "B" v. "Carlisle."

South China ground.

St. Joseph's v. "Punjabis." St. Joseph's ground.

United v. Club Res: Club ground.

Kowloon Res: v. R.G.A. Res: Navy "A" ground.

Wilts Res: v. "Curlew" Res: Sookumpo ground.

South China "A" v. University.

Navy "B" ground.

Kick off at 2.45 p.m.

Kowloon are not playing well at present. They are not the team of last season and their opponents for tomorrow's game should prove too good for them.

The Wilts will have to play a lot better than they did last week, if they want to win. Their defence is very slow and their forward line have not the understanding they should have. The Sailors are a well-balanced team, but they are not playing so well as they did in the first two games this season. I rather fancy, however, they will be too good for the Soldiers.

The "Ambrose" for their game against the Police will turn out practically a new team. I understand that only one (the right half) of the old team will be playing. They will be handicapped by not having played together before. The Police played well last Saturday. Their defence is sound, and although their forward line is on the slow side they should win this match.

"Tamar" are doing well so far, and if their form is maintained to-morrow, they should beat the "Titania" who, judging by last week's form, are not the team they were last season.

The "Curlew" meet the Club and a good game should be seen with the Sailors slightly the better side. The Club have a good team, but their forward line is too selfish.

The "Carlisle" has not yet arrived so their match with the Chinese "B" team is likely to be postponed. This will be six matches they are in arrears. I was pleased to read that this matter was brought up at the League meeting last evening.

The St. Josephs—Punjabis and the United—Club games should, I think end in a draw.

The Gunnery Res. should be too strong for the Kowloon Res. who in all probability will not be able to turn out a full team.

The game between the Wilts Res. and the "Curlew" Res. should be the best one in this division. Both have good teams, and the Soldiers should just get home.

The University—Chinese "A" game should also be a good one. I understand that the former team will be strengthened by the inclusion of Veloso. The University should win.

I was very pleased to hear that the League Committee dealt with the late arrival of teams. The prospect of being fined may improve matters.

The suspension of W. Hyder for four weeks for misconduct should be a lesson both to himself and to others. Clean football is what
